

## **“Battle” of Capitol Hill**

It there is anything, that gets my goat,  
Is someone defying the legal vote,  
Biden won the election, fair and square,  
But as for Trump, there's no reason there.

Trump obviously organised his thugs to fight,  
But as for upsetting the peace, he has no right,  
Trumps gang marched on Capitol Hill,  
And that is illegal, and always will.

People dies from that attach,  
Those five lives cannot be brought back,  
The result was, it solved nothing at all,  
It was meaningless as racism, and the Mexican Wall.

It was disgraceful to America, and Politics at large,  
The way Trump supporters led the charge,  
Trump tried to alibi himself – like Capone-  
But the mob did not it on their own.

Like Trumps four years, it was a public disgrace,  
But Trump only cared about saving face,  
He is the first USA President to FACE impeachment twice,  
If found guilty – he must pay the price.

It may take decades, to get over his misrule,  
But he cannot bribe Justice, by jest or by jewel,  
This day will go down in scandal and infamy,  
In life and aftermath, he can never be free.
